TO WHOM IT MAY CONCERN

Dear Sir/Madam,

Mr. WONG Wai Yin (Henry) has been working in our technology team as a Software Engineer from 6th JUN 2022 to 4th Aug 2023 under my supervision.

During Henry's tenure, he was assigned to projects encompassing video analytics, sensor data analysis, DevOps automation, and industrial application design. Despite being a recent Physics graduate, Henry has exhibited remarkable programming skills and possesses a solid understanding of computer hardware.

With minimal guidance from his supervisor, Henry swiftly grasped our video analytic system and DevOps process, enabling him to make significant contributions to the core development of the system. This demonstrates his ability to learn rapidly and effectively apply his newfound knowledge.

In the sensor data analysis project, Henry devised multiple methods to detect elevator abnormalities through advanced frequency domain analysis and statistical techniques. The findings became the key discoveries in our research paper which was published and presented in the 14th Symposium on Lift & Escalator Technologies in UK. This highlight not only his exceptional problem-solving abilities but also his strong aptitude for research.

In another lift door monitoring project, Henry was responsible for designing some of the key detection mechanisms of our system. He and the team present the design in the 48th International Exhibition of Inventions in Geneva and won the bronze award.

In terms of work ethic, I have observed that Henry is highly dedicated and holds himself to a high standard. He prioritizes accuracy in delivering results and exhibits ambition in optimizing his code for improved performance and maintainability, surpassing expectations.

Furthermore, alongside his technical skills, Henry demonstrates a strong sense of responsibility, reliability, and consideration for others, making him an excellent team player. As a result, I highly recommend him for the venture he chooses to pursue.

If you require further information, please feel free to contact me by phone at (+852) 3905-2033 or email to scottyskwok@sebit.world

Yours faithfully,

A handwritten signature in black ink is positioned to the left of a blue circular corporate stamp. The stamp contains the text 'Sebit Company Limited' around the perimeter and '世閣有限公司' in the center, with a small star symbol at the bottom.
